

Shropshire Community Services Review - Update

Shropshire CCG Governing Body Meeting 12th April –
Public Session

Programme Governance

- * The Programme Board has met and reviewed
 - * The review process
 - * The communications & engagement plan
 - * The review process will be brought back to the Governing body for formal sign off
- * There was a clear message from the board that the review should engage widely across the County and not just those areas close to a community hospitals
- * The board also wanted to ensure that the engagement that has already taken place during the STP engagement is fed into the review

Clinical Reference Group

- * The clinical reference group contains GPs from each of the GP localities and clinicians from the community service
- * The clinical reference group met and reviewed the current state analysis of the MIU's.
- * The group requested that further clinical information regarding the activity was gathered.
- * The clinical leads are developing an audit methodology which will be agreed by the group

Engagement

- * Following feedback from the clinical reference group & programme board the communication & engagement plan is being reviewed
- * Early engagement with stakeholders has commenced:
 - * Presentation to GP localities
 - * Communication to SCHAT staff
 - * Presentation to Shropshire Patient Advisory Group
 - * Discussions with Healthwatch and Shropshire Patients Group
- * Further events are planned:-
 - * Oswestry parent & toddlers
 - * Market Drayton seniors health fair
